

DATA RELEASE AUTHORITY

Please print and complete this GENESCREEN Data Release Authority giving Genetics Australia permission to access your herd test data from your herd test centre. Fax the completed form to 03 5367 5100

Or mail it to;

Genetics Australia
PO Box 195
Bacchus Marsh, Vic, 3340.

To my Herd Recording centre,

I authorise you to provide a complete herd dump in DIF (data interchange format) and forward it to Genetics Australia.

I understand that this authority will grant Genetics Australia access to my herd data for the purpose of generating a GENESCREEN analysis and will apply until I indicate otherwise.

Could you please arrange to forward these files, on my behalf, to Genetics Australia at the email address genescreen@genaust.com.au

My Herd details are:

My Name	
Trading as	
My Herd Test Centre is	
Shire Farm/Herd Test number	
National Herd Id. number	
Signed	
Date	

If you need further information or help in providing your herd data, please contact the GeneScreen Co-ordinator at Genetics Australia

- Email genescreen@genaust.com.au
- Telephone 03 5367 3888
- Facsimile 03 5367 5100

Information requested on this form is collected and used by Genetics Australia, consistent with the Privacy Policy Act, for the primary purpose of completing your GENESCREEN report. It is used to help us provide you with information on the program and may also be used by Genetics Australia for direct marketing and business development. This information is not made available to any other party under any circumstances. For more information, to update your record or to remove your name from our data base please contact us on Freecall 1800 039 047.
